Source of Revenue

Revenue from the sale of timber from state lands shall be deposited into the account.

Restrictions on Use

The legislature may appropriate money deposited into the account for the implementation of the state timber disposal program by the department or for any other public purpose.

Description and History

January 2014

Chapter 63, SLA 2000 (SB 283) established the timber receipts account from revenue from the sale of timber of state lands. Receipts are used to prepare additional timber sales.

This fund is classified as "designated" despite language allowing expenditures for any other public purpose. The limited intent is clear and, in reality, no broader than other designated funds.
